Ronnie,
Here's the EIP report that I believe generated many of the audit questions.

All,

I just got off the phone with Tucker and he wanted to make sure we are prepared to answer questions regarding the attached report. He mentioned that the agency panel will be following the panel of environmental groups. I know that most of you have already taken a look at this report and most of it should be addressed in our testimony but please be prepared to speak to any and all of it.

There is a significant portion of the report that addresses wastewater releases. Ramiro, do you think OCE can cover these questions or should we have some folks from water on standby to speak to them if needed?

Thanks,

Sam Gammage
